Washington Conference Program.docx

Phil,

Welcome. Thank you for taking the time to talk to our group on the morning of May 17th.

I will make the adjustment to the program. Please let me know how you would like it to read.

You will have 30 minutes beginning at 10:30am to discuss the status of the pesticide BE's, BO's; wherever we happen to be in the process.

Heather is the meeting coordinator for the AMCA, she can load your presentation ahead of time if you send it to amca@mosquito.org with the subject line "Washington Day speaker".

Please let me know if you have any questions.

Angela Beehler
Legislative and Regulatory Chairman

American Mosquito Control Association

Subject: RE: AMCA Washington Conference Program

Hi Heather and Angela,

Phil Villanueva, a branch chief in EFED, is going to provide the ESA update at the upcoming AMCA meeting. I'm about to start a detail in another Division in the Pesticides Program and Phil has taken over as the ESA management lead – he will do a great job!

Thanks,

Anita

Good morning all,

As a follow-up to Angela's email, please be sure to send your PPT presentations to amca@mosquito.org by Tuesday, May 9 for preparation onsite.

Thank you,

Heather

Good afternoon,

Thank you for your participation in the American Mosquito Control Association's upcoming Washington Conference program. Details for the conference can be found at: <http://www.mosquito.org/washington-conference>. Registration is free. The last report I received stated we have 105 people registered from 26 states!

The preliminary program is attached and copied below. Please email me if adjustments need to be made to the speakers, titles, or presentation times. Do not hesitate to call if you have any questions.

Presentations can be emailed to ahead of time to amca@mosquito.org with the subject line of "Washington Speaker".

I look forward to seeing you. Thank you for your continued support of AMCA's legislative and regulatory efforts.

Sincerely,

Angela Beehler
